COMPLETE HORSE RATION

A high-quality feed containing all the features of the CALIBER® line. An all-around feed designed to meet the nutrient requirements of pleasure horses, gestating mares, or horses on a program of light exercise.

All CALIBER® HORSE FEEDS contain organic trace minerals (cobalt, copper, manganese, zinc, selenium) for improved bioavailability and absorption; high levels of fat-soluble vitamins to aid in immune function, tissue repair and reproduction; concentrated B vitamins, including biotin and thiamine for hoof and coat condition; and prebiotic (yeast culture) to aid in fibre digestion and support gut health.

FEEDING RATE

Feed CALIBER® COMPLETE HORSE RATION at a rate of 0.4 to 0.8 kg per 100 kg of horse body weight, depending on horse's life stage, activity level and condition, as well as forage quality. This works out to 1.8 – 3.6 kg per 450 kg horse or 4 – 8 lb. per 1,000 lb. horse. Feed alongside good-quality forage and water.

For more detailed feeding instructions, please refer to label.
